

GORILLA DRIVE™

RUGGEDIZED USB DEVICE CABLES

The GorillaDrive™ USB device cable utilizes a braided round cable to reduce the cracking and ultimate failure of standard USB cables. Aluminum shielded connection housing is used on both ends to reduce electromagnetic interference and make a sturdy transition to the cable. Available in MFi Apple-certified Lightning™ to USB Type-A or Micro-USB to USB Type-A.

Sync and charge all your Lightning connector devices safely and quickly, using just one cable. Simply plug the USB end directly into any USB port and the other end to your device to stay connected while you're at home, at work, or on the road.

FEATURES:

- Braided Round Cable
- MFi Apple-certified Lightning™ or micro USB Connector
- Aluminum Shielded Housing Connectors
- USB 2.0 High Speed Interface
- True Plug-and-Play connection for hot swap function
- Backed by Two (2) Year Limited Warranty
